Created by world-renowned programming instructors Paul and Harvey Deitel, Visual Basic 2008 How to Program, Fourth Edition introduces all facets of the Visual Basic 2008 language hands-on, through hundreds of working programs. This book has been thoroughly updated to reflect the major innovations Microsoft has incorporated in Visual Basic 2008 and .NET 3.5; all discussions and sample code have been carefully audited against the newest Visual Basic language specification. The many new platform features covered in depth in this edition include: LINQ data queries, Windows Presentation Foundation (WPF), ASP.NET Ajax and the Microsoft Ajax Library, Silverlight-based rich Internet application development, and creating Web services with Windows Communication Foundation (WCF). New language features introduced in this edition: object anonymous types, object initializers, implicitly typed local variables and arrays, delegates, lambda expressions, and extension methods. Students begin by getting comfortable with the free Visual Basic Express 2008 IDE and basic VB syntax included on the CD. Next, they build their skills one step at a time, mastering control structures, classes, objects, methods, variables, arrays, and the core techniques of object-oriented programming. With this strong foundation in place, the Deitels introduce more sophisticated techniques, including inheritance, polymorphism, exception handling, strings, GUI's, data structures, generics, and collections. Throughout, the authors show developers how to make the most of Microsoft's Visual Studio tools. A series of appendices provide essential programming reference material on topics ranging from number systems to the Visual Studio Debugger, UML 2 to Unicode and ASCII.

Prince2 Foundation Training Manual Van Haren Publishing 2017-01-15 Thank you for reading our PRINCE2 Foundation Training Manual. The main objective of this book is to provide an easy-to-read and easy-to-understand PRINCE2(R) Foundation training manual. The official PRINCE2 manual, "Managing Successful Projects with PRINCE2," is an excellent reference manual, but it is not a training manual and should not be used as one, as it is very difficult to comprehend and understand if you are new to project management. The official PRINCE2 manual also covers the complete Practitioner Syllabus, and it's impossible to know which parts are just focused on the PRINCE2 Foundation syllabus, so you have to read everything, which is not good if you are just studying for the foundation exam. Henceforth, this book is meant to be (and is) an easy introduction to PRINCE2 based on the Foundation syllabus, and it's quickly becoming the most read book for people wishing to learn about PRINCE2 and prepare for the foundation exam.

2028 End Gabriel Erb 2019-07-12 God created a game -

it's called The Game of Life. Planet Earth is the playing field, the 10 love commandments are the rules, and we humans are the players who can win or lose. The game is played by two teams, like the game of football. One team's head coach is Jesus and the other team's head coach is Satan. All of us on earth are playing for one of these two teams! Gabriel Ansley Erb wrote the book "2028 END" in order to fully elucidate God's game clock scenario for The Game of Life as contained in the game's handbook, the Holy Bible. The handbook says, "God declared the end from the beginning" (Isaiah 46:10) by using 7 days in the creation event. Each 24 hour creation day foretold of a future 1,000 year period for a total 7,000 year plan God had for The Game of Life to be played on planet earth. And amazingly, to confirm this is all true, God hid a secret prophesy in each creation day foretelling the greatest event He had planned to occur in that day's future millennium! Consequently, Creation day 1 foretold Adam & Eve's fall, which was fulfilled during earth's 1st millennium. Creation day 2 foretold Noah's global flood, which was fulfilled during earth's 2nd millennium. Creation day 3 foretold Moses' Red Sea parting, which was fulfilled during earth's 3rd millennium. Creation day 4 foretold of John the Baptist & Jesus Christ, and so they lived and died during earth's 4th millennium. And the prophecies continue with each Creation day! Gabriel proves all of the above, carefully revealing the prophetic Scriptures as well as the fulfillment Scriptures. Then he reveals a dozen Scriptures proving Christ died earth's 4,000 year and will return earth's 6,000 year. Finally, he proves Christ died Feast of Passover AD 28 and will return Feast of Trumpets 2028. For those who read this book, it is an open and shut case: The Game of Life will end 2,000 years from the year of Christ's death on the cross - AD 2028.

Thankfully in Love Anna J. Stewart 2020-10-27 Four USA Today bestselling romance authors come together for Thanksgiving, telling the stories of four women who have not had the best experiences with the men they have dated in their pasts. With the help of family and loved ones this holiday season, can they learn to open their hearts one more time? If they can dare to make the leap, they could find themselves finally, thankfully in love... There's no place like home, especially during Thanksgiving. After spending ten years as an officer and analyst with a special division in a federal cyber-investigation, Tripp Atsilla is on the brink of burnout. Then he meets Parker Rutledge. Two years ago she changed her name and moved to a small town, hoping to leave the damage her ex-husband caused behind. Someone's found her; someone who wants to make her pay for her ex-husband's crimes. But can she trust Tripp? Can she trust anyone? ... Miranda Cox isn't looking forward to heading home for Thanksgiving. She'd raved to everyone

that Matthew was the one; now she has yet another failed relationship under her belt. Despite working as a translator in Ottawa, and loving travelling abroad, she's thirty-four and still single. When Miranda arrives at Union Station in Toronto, she's surprised to see Taz, her childhood friend. Years earlier, they'd drifted apart. Miranda was so hurt over the loss of their friendship. She's also shocked to learn that he's divorced. Miranda finds herself inviting him and his sick mother for Thanksgiving dinner at her parents' place. It is finally their time? ... Chef Drew Barnett has been hired to create the perfect Thanksgiving for a potential restaurant investor, but a power outage has him scrambling to find a working kitchen. Jilted bride and food critic Claire Rothchild is pet-sitting a friend's St. Bernard named Snowflake. She wants to hibernate for the holidays, but it turns out the guest house she's staying in has power when the main house does not. Feeling uncomfortable for invading the privacy of his potential investor's guest, Drew doesn't know what to make of a food critic in his kitchen, just as Claire doesn't know how to stop interfering with his dishes and passing tidbits to a mooching pooch. Is this a recipe for a Dog-Gone Holiday? Or for love? ... Born with a degenerative eye disease, photographer Kelsey Thomas knows two things: she will be legally blind within five years and her family wants to see her married and settled first. Then Kelsey's boyfriend breaks up with her one week before she planned to introduce him to her family at her grandmother's island commitment ceremony. At the resort bar, she meets Dr. Noah Lawson. He spends his life inside his lab developing cutting-edge techniques to slow the progression of vision loss. When he's offered funding with strings--save the eyesight of the granddaughter of a wealthy investor--he's reluctant to agree. Noah is smitten by Kelsey--so much so that he agrees to be her fake wedding date for the Thanksgiving holidays. Too late, he realizes her connection to his potential investor. Is this a set-up? Or fate? ... ***** DETAILED STORY PLOT LINES: Anna J. Stewart: At least that's what Tripp Atsilla hopes after spending ten years as an officer and analyst with a special division in a federal cyber-investigation. The last few years he's been neck deep with ICAC (Internet Crimes Against Children) and while he's lasted longer than most, he's on the brink of burnout. His last case turned into a nightmare; he was too late and someone he'd sworn to protect died. Going home feels like the perfect escape and Thanksgiving is an excellent time--his overwhelming family will be too distracted by the holiday to pay him much mind. Helping with the construction expansion of his brother's deli/restaurant is just the recharge he needs. Striking up a friendship with one of the waitresses? Bonus. Starting over is something Parker Rutledge understands all too well. Two years ago she changed her name and moved to a small town, hoping to leave the damage her ex-husband caused behind. She loves her off the grid life working as a waitress in the local deli, but soon the phone calls, emails, and threats begin. Someone's found her; someone who knows who she really is. Someone who wants to make her pay for her ex-husband's crimes. But can she trust Tripp? Can she trust anyone? While the Atsilla family prepares to celebrate Thanksgiving, Tripp finds himself tied up in knots over Parker. He knows there's more to the woman than she's let on and there's nothing Tripp likes more than a puzzle to solve. When finally faced with the truth, he can only hope he's not too late to save yet another innocent life: that of the woman he loves. Kayla Perrin: After her latest breakup, Miranda Cox isn't looking forward to heading home to Toronto for Thanksgiving. She'd raved to everyone that Matthew was the one; now she has yet another failed relationship under her belt. To make matters worse, her sister is

newly engaged and she's bringing her fiancé. Her brother will be there with his new wife. Miranda feels like a failure. Thirty-four and still single! But she has a good reason. She's been pursuing her career in Ottawa, working as a translator. She often travels abroad. Still, at her age, she's regretting that she didn't put as much effort into finding a relationship. As Miranda arrives at Union Station in Toronto, she's surprised to see Taz, her childhood friend from school. Years earlier, they drifted apart when Taz got married and moved to the US. Miranda was so hurt over the loss of their friendship that she didn't even keep in touch with him on Facebook. But she's happy to see him now, a friendly face from her past. She's shocked to learn that he's divorced. They head back to their old neighborhood, but meet up for a drink and to catch up. Miranda learns that Taz never had children, that his marriage lasted years longer than it should have--and that many times, Taz wanted to reach out to her over the years. He's missed their friendship. Miranda wants to still be mad at him, but she's happy to have a friendly face to commiserate with. The truth is, she wasn't able to forgive Taz for marrying someone else. She always hoped that one day they'd fall madly in love and he would marry her. Unfortunately, there'll be no big dinner at Taz's place. His mother is sick. He's in town to spend time with her. Miranda finds herself inviting him and his mother for Thanksgiving dinner at her parents' place. Melinda Curtis: Chef Drew Barnett wants to open his own restaurant. He's been hired to create the perfect Thanksgiving for a potential investor, but a power outage has him scrambling to find a working kitchen. Jilted bride and food critic Claire Rothchild is holing up in her friend's guest house while pet-sitting another friend's St. Bernard named Snowflake. She wants to hibernate this holiday, but it turns out her guest house has power when the main house does not. Feeling uncomfortable for invading the privacy of his potential investor's guest, Drew doesn't know what to make of a food critic in his kitchen, just as Claire doesn't know how to stop interfering with his dishes and passing tidbits to a mooching pooch. Is this a recipe for a Dog-Gone Holiday? Or for love? Cari Lynn Webb: She needs a wedding date... Born with a degenerative eye disease, photographer Kelsey Thomas knows two things: she will be legally blind within five years and her family wants to see her married and settled first. Things seem to be on track until Kelsey's boyfriend breaks up with her one week before she planned to introduce him to her family at her grandmother's island commitment ceremony. She knows how she'll be spending her Thanksgiving professing her right to independence. He needs an angel investor in his research... Dr. Noah Lawson spends his life inside his lab developing cutting-edge techniques to slow the progression of vision loss, radical procedures that won't be approved or pay dividends for years. To escape the pressure, he always spends his holidays solo at an exclusive island resort. When Noah's offered funding with strings--save the eyesight of the granddaughter of a wealthy investor--he's reluctant to agree. A chance meeting... At the resort bar, Noah is smitten by a stranger--so much so that he agrees to be her fake wedding date for the holiday. What's the harm in that? Too late, he realizes Kelsey's connection to his potential investor. Is this a set-up? Or fate?

Decompression Juli Zeh 2015 A psychological thriller in the tradition of Patricia Highsmith about two couples caught in a web of conflicting passions while deep-sea diving off the beautiful Canary Islands In the late 1990s, Sven Fiedler and his girlfriend, Antje, left Germany for the island of Lanzarote, rejecting what Sven considered a vulgar culture of materialism and judgment. The young couple set up a diving service catering to tourists eager to bask in the warm sunshine and explore the silent, gleaming marine paradise that makes this otherwise barren volcanic island such a remarkable retreat. Sven's approach was simple: take the mechanics of diving seriously, instruct his clients clearly, and stay out of their personal business as best he can. And life on the island goes smoothly until two German tourists--Jola von der Pahlen, a daytime soap star on the verge of cinematic success, and Theo Hast, a stalled novelist--engage Sven for a high-priced, intensive two-week diving experience. Staying in a guest house on Sven and Antje's property, the two visitors and their hosts quickly become embroiled in a tangle of jealousy and suspicion. Sven is struck by Jola's beauty, her evident wealth, and her apparently volatile relationship with the much older Theo. Theo quickly leaps to the conclusion that Sven and Jola are having an affair, but, oddly, he seems to facilitate it rather than trying to intervene. Antje, looking on, grows increasingly wary of these particular clients. As the point of view shifts from one character to the next, the reader is constantly kept guessing about who knows what, and, more important, who is telling the truth. A brutal game of delusion, temptation, and manipulation plays out, pointing toward a violent end. But a quiet one, down in the underwater world beneath the waves.

Southern Edwardseans Obbie Tyler Todd 2022-01-17 The founders and forerunners of the Southern Baptist Convention were fundamentally shaped by the thought of Puritan theologian Jonathan Edwards and his theological successors. While Baptists in the antebellum South boasted a different theological pedigree than Presbyterians or Congregationalists, and while they inhabited a Southern landscape unfamiliar to the bustling cities and tall forests of New England, they

believed their similarities with Edwards far outweighed their differences. Like Edwards, these Baptists were revivalistic, Calvinistic, loosely confessional, and committed to practical divinity. In these four things, Southern Edwardseanism lived, moved, and had its being. In the nineteenth-century, when so many Presbyterians scoffed at Edwards's "innovation" and Methodists scorned his Calvinism, Baptists found in Edwards a man after their own heart. By 1845, at the first Southern Baptist Convention, Southern Edwardseans had laid the groundwork for a convention marked by the theology of Jonathan Edwards.

Legacies of Stalingrad Christina Morina 2011-09-19
Christina Morina's book examines the history of the Eastern Front war and its impact on German politics and society throughout the postwar period. She argues that the memory of the Eastern Front war was one of the most crucial and contested themes in each part of the divided Germany. Although the Holocaust gained the most prominent position in West German memory, official memory in East Germany centered on the war against the USSR. The book analyzes the ways in which these memories emerged in postwar German political culture during and after the Cold War, and how views of these events played a role in contemporary political debates. The analysis pays close attention to the biographies of the protagonists both during the war and after, drawing distinctions between the accepted, public memory of events and individual encounters with the war.

The Dare Harley Laroux 2021-01-26 Warning: This erotica contains scenes and elements that may be disturbing to some readers. Please review the full content warning below. Jessica Martin is not a nice girl. As Prom Queen and Captain of the cheer squad, she'd ruled her school mercilessly, looking down her nose at everyone she deemed unworthy. The most unworthy of them all? The "freak," Manson Reed: her favorite victim. But a lot changes after high school. A freak like him never should have ended up at the same Halloween party as her. He never should have been able to beat her at a game of Drink or Dare. He never should have been able to humiliate her in front of everyone. Losing the game means taking the dare: a dare to serve Manson for the entire night as his slave. It's a dare that Jessica's pride - and curiosity - won't allow her to refuse. What ensues is a dark game of pleasure and pain, fear and desire. Is it only a game? Only revenge? Only a dare? Or is it something more? This book contains intense fantasy scenes of hard kinks/edgeplay, graphic sex, and harsh language. It is intended only for an adult audience. Beware: this is a dark, weird, kinky read. The activities depicted therein are dangerous and are not meant to be an example of realistic BDSM. Reader discretion is advised. Kanban for the Shopfloor Productivity Press Development Team 2020-06-29 Kanban is the name given to the inventory control card used in a pull system. The primary benefit of kanban is to reduce overproduction, the worst of the seven deadly wastes. A true kanban system produces exactly what is ordered, when it is ordered, and in the quantities ordered. It is essentially a dynamic work order that moves with the material. Each kanban identifies the part or subassembly unit and indicates where each one came from and where each is going. Used this way, kanban acts as a system of information that integrates your plant, connects all processes one to another, and connects the entire value stream to customer demand. Kanban for the Shopfloor provides a working manual for those seeking to implement this method of production control in any operation. It defines the various terms and methods employed in

kanbans, and illustrates how when adhered to, kanban is an element of continuous improvement that ultimately leads to the ideal of one-piece flow." In addition to reducing the waste of overproduction, kanban will help your company increase flexibility to respond to customer demand, coordinate production of small lots and wide product variety, and simplify the procurement process. About the Shopfloor Series: Put proven improvement tools in the hands of your entire workforce! Progressive shopfloor improvement techniques are imperative for manufacturers who want to stay competitive and to achieve world class excellence. Sport and the Home Front Matthew Taylor 2020-06-22 Sport and the Home Front contributes in significant and original ways to our understanding of the social and cultural history of the Second World War. It explores the complex and contested treatment of sport in government policy, media representations and the everyday lives of wartime citizens. Acknowledged as a core component of British culture, sport was also frequently criticised, marginalised and downplayed, existing in a constant state of tension between notions of normality and exceptionality, routine and disruption, the everyday and the extraordinary. The author argues that sport played an important, yet hitherto neglected, role in maintaining the morale of the British people and providing a reassuring sense of familiarity at a time of mass anxiety and threat. Through the conflict, sport became increasingly regarded as characteristic of Britishness; a symbol of the 'ordinary' everyday lives in defence of which the war was being fought. Utilised to support the welfare of war workers, the entertainment of service personnel at home and abroad and the character formation of schoolchildren and young citizens, sport permeated wartime culture, contributing to new ways in which the British imagined the past, present and future. Using a wide range of personal and public records – from diary writing and club minute books to government archives – this book breaks new ground in both the history of the British home front and the history of sport.

Uniting Germany Pekka Kalevi Hamalainen 2019-03-18 This is an account of the dramatic events leading to the reunification of Germany. The author looks into the complex intertwining of popular action, national politics and international moves that culminated in the historic events of 1989. After providing a brief historical background, the author analyzes the sequence of events in East Germany, the interplay between East German discontent and Bonn's policies, and Chancellor Kohl's role in mobilizing domestic and international support for reunification. Moon-face and Other Stories Jack London 1906 JACK LONDON (1876-1916), American novelist, born in San Francisco, the son of an itinerant astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways -robbing the oyster beds, working in a canning factory and a jute mill, serving aged 17 as a common sailor, and taking part in the Klondike gold rush of 1897. This various experience provided the material for his works, and made him a socialist. "The son of the Wolf" (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, "The Call of the Wild" (1903), which tells the story of the dog Buck, who, after his master's death, is lured back to the primitive world to lead a wolf pack. Many other tales of struggle, travel, and adventure followed, including "The Sea-Wolf" (1904), "White Fang" (1906), "South Sea Tales" (1911), and "Jerry of the South Seas" (1917). One of London's most interesting novels is the semi-autobiographical "Martin Eden" (1909). He also wrote socialist treatises, autobiographical essays, and a good deal of journalism.
