Sister Love and Other Crime Stories John Escott 2007-12-27 Some sisters are good friends, some are not. Sometimes there is more hate in a family than there is love. Karin is beautiful and has lots of men friends, but she can be very unkind to her sister Marcia. Perhaps when they were small, there was love between them, but that was a long time ago. They say that everybody has one crime in them. Perhaps they only take an umbrella that does not belong to them. Perhaps they steal from a shop, perhaps they get angry and hit someone, perhaps they kill . . .

Brokenburn John Q. Anderson 1995-05-01 This journal records the Civil War experiences of a sensitive, well-educated, young southern woman. Kate Stone was twenty when the war began, living with her widowed mother, five brothers, and younger sister at Brokenburn, their plantation home in northeastern Louisiana. When Grant moved against Vicksburg, the family fled before the invading armies, eventually found refuge in Texas, and finally returned to a devastated home. Kate began her journal in May, 1861, and made regular entries up to November, 1865. She included briefer sketches in 1867 and 1868. In chronicling her everyday activities, Kate reveals much about a way of life that is no more: books read, plantation management and crops, maintaining slaves in the antebellum period, the attitude and conduct of slaves during the war, the fate of refugees, and civilian morale. Without pretense and with almost photographic clarity, she portrays the South during its darkest hours.

Deadlock Sara Paretsky 2011-02-09 When Chicago Black Hawks hockey legend Boom Boom Warshawski slips off a wharf and drowns in Lake Michigan, his private-eye cousin questions the accidental death report and rumors of suicide. Armed with a bottle of Black Label and a Smith & Wesson, V.I. follows a trail of violence and corruption to the center of the Windy City's powerful shipping industry. Dodging elaborate attempts on her life with characteristic grit and humor, the one-of-a-kind detective wends her way through a maze of grain elevators and thousand-ton freighters, ruthless businessmen and gorgeous ballerinas, to ferret out Boom Boom's killers before they phase her out of the picture—permanently. Praise for Deadlock "V.I. Warshawski is one of the best . . . smart, tough, sexy."—Daily News (New York) "Sara Paretsky makes excellent use of local backgrounds in a carefully plotted tale of murder and great misdeeds in the world of Great Lakes cargo shipping."—Chicago Tribune "Hard-boiled detective fiction . . . a swift-paced and engrossing read."—The Philadelphia Inquirer "Slithers with suspense!"—Chicago Sun-Times

The Apartment Plot Pamela Robertson Wojcik 2010-11-11 Rethinks films including Pillow Talk and Rear Window by identifying the apartment plot as a distinct genre, one in which the urban apartment figures as a central narrative device.

To Love and Be Wise Josephine Tey 2012-12-25 A witty and sophisticated mystery featuring bestselling author Josephine Tey's popular Inspector Alan Grant, a beloved character created by a woman considered to be one of the greatest mystery writers of all time. Literary sherry parties were not Alan Grant's cup of tea. But when the Scotland Yard Inspector arrived to pick up actress Marta Hallard for dinner, he was struck by the handsome young American photographer, Leslie Searle. Author Lavinia Fitch was sure her guest "must have been something very wicked in ancient Greece," and the art colony at Salcott St. Mary would have agreed. Yet Grant heard nothing more of Searle until the news of his disappearance. Had Searle drowned by accident or could he have been murdered by one of his young women admirers? Was it a possible case of suicide or had the photographer simply vanished for

reasons of his own?

The End and the Beginning Hermynia Zur Mühlen 2010 First published in Germany in 1929, *The End and the Beginning* is a lively personal memoir of a vanished world and of a rebellious, high-spirited young woman's struggle to achieve independence. Born in 1883 into a distinguished and wealthy aristocratic family of the old Austro-Hungarian Empire, Hermynia Zur Mühlen spent much of her childhood travelling in Europe and North Africa with her diplomat father. After five years on her German husband's estate in czarist Russia she broke with both her family and her husband and set out on a precarious career as a professional writer committed to socialism. Besides translating many leading contemporary authors, notably Upton Sinclair, into German, she herself published an impressive number of politically engaged novels, detective stories, short stories, and children's fairy tales. Because of her outspoken opposition to National Socialism, she had to flee her native Austria in 1938 and seek refuge in England, where she died, virtually penniless, in 1951. This revised and corrected translation of Zur Mühlen's memoir - with extensive notes and an essay on the author by Lionel Gossman - will appeal especially to readers interested in women's history, the Central European aristocratic world that came to an end with the First World War, and the culture and politics of the late nineteenth and early twentieth centuries.

A History of the English Language Elly van Gelderen 2014-04-03 The English language in its complex shapes and forms changes fast. This thoroughly revised edition has been refreshed with current examples of change and has been updated regarding archeological research. Most suggestions brought up by users and reviewers have been incorporated, for instance, a family tree for Germanic has been added, Celtic influence is highlighted much more, there is more on the origin of Chancery English, and internal and external change are discussed in much greater detail. The philosophy of the revised book remains the same with an emphasis on the linguistic history and on using authentic texts. My audience remains undergraduates (and beginning graduates). The goals of the class and the book are to come to recognize English from various time periods, to be able to read each stage with a glossary, to get an understanding of typical language change, internal and external, and to understand something about language typology through the emphasis on the change from synthetic to analytic. This book has a companion website: <http://dx.doi.org/10.1075/z.183.website>

A Tale of Two Cities Illustrated by (Hablot Knight Browne (Phiz))

Charles Dickens 2021-05-03 A Tale of Two Cities (1859) is the second historical novel by Charles Dickens, set in London and Paris before and during the French Revolution. It depicts the plight of the French proletariat under the brutal oppression of the French aristocracy in the years leading up to the revolution, and the corresponding savage brutality demonstrated by the revolutionaries toward the former aristocrats in the early years of the revolution. It follows the lives of several protagonists through these events, most notably Charles Darnay, a French once-aristocrat who falls victim to the indiscriminate wrath of the revolution despite his virtuous nature, and Sydney Carton, a dissipated English barrister who endeavours to redeem his ill-spent life out of love for Darnay's wife, Lucie Manette.

The Hypomaniac Edge John D. Gartner 2008-06-23 Why is America so rich and powerful? The answer lies in our genes, according to psychologist John Gartner. Hypomania, a genetically based mild form of mania, endows many of us with unusual energy, creativity, enthusiasm, and a propensity for taking risks. America has an extraordinarily high number of hypomanics—grandiose types who leap on every wacky idea that occurs to them, utterly convinced it will change the world. Market bubbles and ill-considered messianic crusades can be the downside. But there is an enormous upside in terms of spectacular entrepreneurial zeal, drive for innovation, and material success. Americans may have a lot of crazy ideas, but some of them lead to brilliant inventions. Why is America so hypomaniac? It is populated primarily by immigrants. This self-selection process is the boldest natural experiment ever conducted. Those who had the will, optimism, and daring to take the leap into the unknown have passed those traits on to their descendants. Bringing his audacious and persuasive thesis to life, Gartner offers case histories of some famous Americans who represent this phenomenon of hypomania. These are the real stories you never learned in school about some of those men who made America: Columbus, who discovered the continent, thought he was the messiah. John Winthrop, who settled and defined it, believed Americans were God's new chosen people. Alexander Hamilton, the indispensable founder who envisioned America's economic future, self-destructed because of pride and impulsive behavior. Andrew Carnegie, who began America's industrial revolution, was sure that he was destined personally to speed up human evolution and bring world peace. The Mayer and Selznick families helped create the peculiarly American art form of the Hollywood film, but familial bipolar disorders led to the fall of their empires. Craig Venter decoded the human genome, yet his arrogance made him despised by most of his scientific colleagues, even as he spurred them on to make great discoveries. While these men are extraordinary examples, Gartner argues that many Americans have inherited the genes that have made them the most successful citizens in the world.

The Art of Poetry Shira Wolosky 2008-09-19 In *The Art of Poetry*, Shira Wolosky provides a dazzling introduction to an art whose emphasis on verbal music, wordplay, and dodging the merely literal makes it at once the most beguiling and most challenging of literary forms. A uniquely comprehensive, step-by-step introduction to poetic form, *The Art of Poetry* moves progressively from smaller units such as the word, line, and image, to larger features such as verse forms and voice. In fourteen engaging, beautifully written chapters, Wolosky explores in depth how

poetry does what it does while offering brilliant readings of some of the finest lyric poetry in the English and American traditions. Both readers new to poetry and poetry veterans will be moved and enlightened as Wolosky interprets work by William Shakespeare, John Donne, William Blake, William Wordsworth, Emily Dickinson, Robert Frost, Sylvia Plath, and others. The book includes a superb two-chapter discussion of the sonnet's form and history, and represents the first poetry guide to introduce gender as a basic element of analysis. In contrast to many existing guides, which focus on selected formal aspects like metrics or present definitions and examples in a handbook format, *The Art of Poetry* covers the full landscape of poetry's subtle art while showing readers how to comprehend a poetic text in all its dimensions. Other special features include Wolosky's consideration of historical background for the developments she discusses, and the way her book is designed to acquaint or reacquaint readers with the core of the lyric tradition in English. Lively, accessible, and original, *The Art of Poetry* will be a rich source of inspiration for students, general readers, and those who teach poetry.

The Star Zoo Level 3 Oxford Bookworms Library Harry Gilbert 2012-02-10 A level 3 Oxford Bookworms Library graded readers. Written for Learners of English by Harry Gilbert. In our world today a hummingbird is a small, brilliantly coloured bird that lives in the tall trees of tropical forests. In the far distant future, Hummingbird (Hummy for short) is a girl of sixteen who lives somewhere in the Galaxy, on a planet called Just Like Home. She has the name 'Hummingbird' in big letters on all her clothes, but she has never seen a real hummingbird. She has never seen any living animal or bird at all. The Book of Remembering says that there were once many animals on a planet called Earth, but that was before the Burning, a long, long time ago . . .

The Man in the Queue Josephine Tey 2013-01-08 Inspector Alan Grant searches for the identity of a man killed in the line at a theater and for the identity of the killer—whom no one saw. A long line had formed for the standing-room-only section of the Woffington Theatre. London's favorite musical comedy of the past two years was finishing its run at the end of the week. Suddenly, the line began to move, forming a wedge before the open doors as hopeful theatergoers nudged their way forward. But one man, his head sunk down upon his chest, slowly sank to his knees and then, still more slowly, keeled over on his face. Thinking he had fainted, a spectator moved to help, but recoiled in horror from what lay before him: the man in the queue had a small silver dagger neatly plunged into his back. With the wit and guile that have made Inspector Grant a favorite of mystery fans, the inspector sets about discovering just how a murder occurred among so many witnesses, none of whom saw a thing.

Brat Farrar Josephine Tey 2012-12-25 What begins as a ploy to claim an inheritance ends with the impostor's life hanging in the balance. In this tale of mystery and suspense, a stranger enters the inner sanctum of the Ashby family posing as Patrick Ashby, the heir to the family's sizable fortune. The stranger, Brat Farrar, has been carefully coached on Patrick's mannerism's, appearance, and every significant detail of Patrick's early life, up to his thirteenth year when he disappeared and was thought to have drowned himself. It seems as if Brat is going to pull off this most incredible deception until old secrets emerge that jeopardize the impostor's plan and his life. Culminating in a final terrible moment when all is revealed, Brat Farrar is a precarious adventure that grips the reader early and firmly and then holds on until the explosive conclusion.

The Tipping Point Malcolm Gladwell 2006-11-01 From the bestselling author of *The Bomber Mafia*: discover Malcolm Gladwell's breakthrough debut and explore the science behind viral trends in business, marketing, and human behavior. The tipping point is that magic moment when an idea, trend, or social behavior crosses a threshold, tips, and spreads like wildfire. Just as a single sick person can start an epidemic of the flu, so too can a small but precisely targeted push cause a fashion trend, the popularity of a new product, or a drop in the crime rate. This widely acclaimed bestseller, in which Malcolm Gladwell explores and brilliantly illuminates the tipping point phenomenon, is already changing the way people throughout the world think about selling products and disseminating ideas. "A wonderful page-turner about a fascinating idea

that should affect the way every thinking person looks at the world.”

—Michael Lewis

American English Bestseller

The Red Countess Hermynia Zur Mühlen 2018-08-20 Praise for the first edition of this book: This translation is something of an event. For the first time, it makes Zur Mühlen’s text available to English-speaking readers in a reliable version. —David Midgley, University of Cambridge [This book] represents exceptional value, both as an enjoyable read and as an introduction to an attractive author who amply deserves rediscovery. —Ritchie Robertson, *Journal of European Studies*, 42(1): 106-07. Born into a distinguished aristocratic family of the old Habsburg Empire, Hermynia Zur Mühlen spent much of her childhood and early youth travelling in Europe and North Africa with her diplomat father. Never comfortable with the traditional roles women were expected to play, she broke as a young adult both with her family and, after five years on his estate in the old Czarist Russia, with her German Junker husband, and set out as an independent, free-thinking individual, earning a precarious living as a writer. Zur Mühlen translated over 70 books from English, French and Russian into German, notably the novels of

Upton Sinclair, which she turned into best-sellers in Germany; produced a series of detective novels under a pseudonym; wrote seven engaging and thought-provoking novels of her own, six of which were translated into English; contributed countless insightful short stories and articles to newspapers and magazines; and, having become a committed socialist, achieved international renown in the 1920s with her *Fairy Tales for Workers’ Children*, which were widely translated including into Chinese and Japanese. Because of her fervent and outspoken opposition to National Socialism, she and her life-long Jewish partner, Stefan Klein, had to flee first Germany, where they had settled, and then, in 1938, her native Austria. They found refuge in England, where Zur Mühlen died, forgotten and virtually penniless, in 1951.

Parker Pyne Investigates Agatha Christie 2010-02-10 Agatha Christie once again demonstrates her mastery of the short form mystery with *Parker Pyne Investigates*—short stories of crime and detection featuring Parker Pyne, certainly one of the most unconventional private investigators ever to pursue a hot lead. Mrs. Packington felt alone, helpless and utterly forlorn. But her life changed when she stumbled upon an advertisement in the *Times* that read: "Are you happy? If not, consult Mr. Parker Pyne." Equally adept at putting together the fragments of a murder mystery or the pieces of a broken marriage, Mr. Parker Pyne is possibly the world's most unconventional private investigator. Armed with just his intuitive knowledge of human nature, he is an Englishman abroad, traveling the globe to solve and undo crime and misdemeanor.
