Hopes and Impediments Chinua Achebe 2012-02-22 One of the most provocative and original voices in contemporary literature, Chinua Achebe here considers the place of literature and art in our society in a collection of essays spanning his best writing and lectures from the last twenty-three years. For Achebe, overcoming goes hand in hand with eradicating the destructive effects of racism and injustice in Western society. He reveals the impediments that still stand in the way of open, equal dialogue between Africans and Europeans, between blacks and whites, but also instills us with hope that they will soon be overcome.

Rereading Conrad Daniel R. Schwarz 2001 Leading Conradian scholar Daniel R. Schwarz assembles his work from over the past two decades into one crucial volume, providing a significant reexamination of a seminal figure who continues to be a major focus in the twenty-first century. Schwarz touches on virtually all of Joseph Conrad's work including his masterworks and the later, relatively neglected fiction. In his introduction and in the persuasive and insightful essays that follow, Schwarz explores how the study of Conrad has changed and why Conrad is such a focus of interest in terms of gender, postcolonial, and cultural studies. He also demonstrates how Conrad helps define the modernist cultural tradition. Exploring such essential works as Heart of Darkness, Lord Jim, Nostromo, and "The Secret Sharer," Schwarz addresses issues raised by recent theory, discussing the ways in which contemporary readers, including, of course, himself, have come to read Conrad differently. He does so without abandoning crucial Conradian themes such as the disjunction between interior and articulated motives and the discrepancies between dimly acknowledged needs, obsessions, and compulsions and actual behavior. Schwarz also touches on the extent to which Conrad's conservative desires for a few simple moral and political ideas were often at odds with his profound skepticism. A powerful close reader of Conrad's complex texts, Schwarz stresses how from their opening paragraphs Conrad's works establish a grammar of psychological, political, and moral cause and effect. Rereading Conrad sheds new light on an author who has spoken to readers for over a century. Schwarz's essays take account of recent developments in theory and cultural studies, including postcolonial, feminist, gay, and ecological perspectives, and show how reading Conrad has changed in the face of the theoretical explosion that has occurred over the past two decades. Because for over three decades Schwarz has been an important figure in defining how we read Conrad and in studying modernism, including how we respond to the relationship between modern literature and modern art, scholars, teachers, and students will take great pleasure in this new collection of his work.

Heart Of Darkness (Annotated Classic Edition) Joseph Conrad 2020-04-02 Heart of Darkness centers around Marlow, an introspective sailor, and his journey up the Congo River to meet Kurtz, reputed to be an idealistic man of great abilities. Marlow takes a job as a riverboat captain with the Company, a Belgian concern organized to trade in the Congo. As he travels to Africa and then up the Congo, Marlow encounters widespread inefficiency and brutality in the Company's stations. The native inhabitants of the region have been forced into the Company's service, and they suffer terribly from overwork and ill treatment at the hands of the Company's agents. The cruelty and squalor of imperial enterprise contrasts sharply

with the impassive and majestic jungle that surrounds the white man's settlements, making them appear to be tiny islands amidst a vast darkness.

The Dawn Watch Maya Jasanoff 2017-11-07 "Enlightening, compassionate, superb"
—John Le Carré Winner of the 2018 Cundhill History Prize A New York Times Book Review Notable Book of 2017 One of the New York Times 100 Notable Books of 2017 A visionary exploration of the life and times of Joseph Conrad, his turbulent age of globalization and our own, from one of the most exciting young historians writing today Migration, terrorism, the tensions between global capitalism and nationalism, and a communications revolution: these forces shaped Joseph Conrad's destiny at the dawn of the twentieth century. In this brilliant new interpretation of one of the great voices in modern literature, Maya Jasanoff reveals Conrad as a prophet of globalization. As an immigrant from Poland to England, and in travels from Malaya to Congo to the Caribbean, Conrad navigated an interconnected world, and captured it in a literary oeuvre of extraordinary depth. His life story delivers a history of globalization from the inside out, and reflects powerfully on the aspirations and challenges of the modern world. Joseph Conrad was born Józef Teodor Konrad Korzeniowski in 1857, to Polish parents in the Russian Empire. At sixteen he left the landlocked heart of Europe to become a sailor, and for the next twenty years travelled the world's oceans before settling permanently in England as an author. He saw the surging, competitive "new imperialism" that planted a flag in almost every populated part of the globe. He got a close look, too, at the places "beyond the end of telegraph cables and mail-boat lines," and the hypocrisy of the west's most cherished ideals. In a compelling blend of history, biography, and travelogue, Maya Jasanoff follows Conrad's routes and the stories of his four greatest works—The Secret Agent, Lord Jim, Heart of Darkness, and Nostromo. Genre-bending, intellectually thrilling, and deeply humane, *The Dawn Watch* embarks on a spell-binding expedition into the dark heart of Conrad's world—and through it to our own.

The Tale Joseph Conrad 2014-06-03 On patrol in the North Sea, an English naval commander's ship finds evidence of enemy resupply, possibly by a neutral country. Befogged, the ship motors carefully into a cove on a coast the crew knows well where they encounter just such a neutral ship as the commander and his second have been discussing. "The Tale," by Joseph Conrad, is the author's lament for the death of nineteenth century values, such as honour, lost in the "moral annihilation" brought about by the mechanization of war, and is the only story by the author to be set during the First World War. Mistah Kurtz! a Prelude to Heart of Darkness James Reich 2016-03-01 In MISTAH KURTZ! A PRELUDE TO HEART OF DARKNESS, James Reich discloses the contents of the papers that Kurtz entrusts to Marlow and the end of Joseph Conrad's canonical novella. Drawing on clues left in Conrad's account, the novel anticipates and dovetails with the arrival of Marlow at Kurtz's ivory station in the Congo. Giving voice to one of the most enigmatic characters in the literary canon, Reich presents meticulous and controversial solutions to the origins, mystery and

messianic deterioration of Mistah Kurtz: company man, elephant man, poet, feral god. Appalling rivalries, murder, fragile loyalties, doubt and desire shroud the pages of this book—part adventure, part desperate confession. Filtering the strangeness of *Apocalypse Now!* and historical accounts of the ivory trade, this irreverent, audacious endeavor lends meat and madness to the ghosts of the Congo, names that which had been nameless, and renders this Season in Hell in crystalline clarity.

The Secret Sharer Joseph Conrad 2018-01-01 "The Secret Sharer" takes place on a sailing ship in the Gulf of Siam (now the Gulf of Thailand), at the start of a voyage with cargo for Britain. The date is probably in the 1880s, when Conrad was at sea himself. In common with many of Conrad's stories, it is narrated in the first person. The narrator is the ship's young captain, whose name is never given. He is unfamiliar with both his ship and his crew, having joined the ship only a fortnight earlier, and unsure of his ability to exert his authority over the officers and crew who have been together for some time. He makes the point several times that he is the "stranger" on board. After being towed downriver (presumably from Bangkok) by a steam tug, the ship is left at anchor near a group of small barren islands a few miles off shore, waiting for wind to begin its voyage. An incoming ship is anchored similarly a couple of miles away, awaiting a tug to go upriver. That night, the captain, being restless, unusually takes the watch. As the only man on deck in the small hours of the morning, he sees that a man has swum up to the ship's side. The naked swimmer is hesitant to talk or come on board, but seems pleased to discover he is speaking to the captain. Once on board, the man introduces himself as Leggatt and he and the captain find a natural rapport, almost as if Leggatt were the captain's other self, especially as the captain has now fetched some of his own clothes for Leggatt to wear. Still on deck, Leggatt explains that he was the First Mate of the other ship, but was placed under arrest after being accused of murdering a crew member. The victim was a disobedient bully. During a storm which nearly sank their ship on their voyage here, Leggatt was physically wrestling with the man to make him to pull a rope when a freak wave threw them both against a bulwark and the man was killed. Leggatt, a "stranger" on the other ship just as the captain is on his, would certainly face the gallows on landing. However, he escaped his locked cabin and swam between islands to reach the narrator's ship. Though the captain could, and by all the rules should, arrest Leggatt, he instead leads him to concealment in his cabin. The captain has no plan yet, and hiding Leggatt seems impossibly difficult, given that his cabin is regularly serviced by his steward, the problem of food, a captain's movements being conspicuous to all, and the long voyage ahead. In the morning the captain of Leggatt's ship arrives by boat to inquire if the escapee has been sighted. Our captain, not a natural liar, manages to bluff through, but is left terrified as to what his own officers make of his strained behavior....

Heart of Darkness and Other Tales Joseph Conrad 2008-05-08 HEART OF DARKNESS * AN OUTPOST OF PROGRESS * KARAIN * YOUTH The finest of all Conrad's tales, 'Heart of Darkness' is set in an atmosphere of mystery and menace, and tells of Marlow's perilous journey up the Congo River to relieve his employer's agent, the renowned and formidable Mr Kurtz. What he sees on his journey, and his eventual encounter

with Kurtz, horrify and perplex him, and call into question the very bases of civilization and human nature. Endlessly reinterpreted by critics and adapted for film, radio, and television, the story shows Conrad at his most intense and sophisticated. The other three tales in this volume depict corruption and obsession, and question racial assumptions. Set in the exotic surroundings of Africa, Malaysia, and the east, they variously appraise the glamour, folly, and rapacity of imperial adventure. This revised edition uses the English first edition texts and has a new chronology and bibliography. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Extraction Ecologies and the Literature of the Long Exhaustion Elizabeth Carolyn Miller 2021-10-12 How literature of the British imperial world contended with the social and environmental consequences of industrial mining The 1830s to the 1930s saw the rise of large-scale industrial mining in the British imperial world. Elizabeth Carolyn Miller examines how literature of this era reckoned with a new vision of civilization where humans are dependent on finite, nonrenewable stores of earthly resources, and traces how the threatening horizon of resource exhaustion worked its way into narrative form. Britain was the first nation to transition to industry based on fossil fuels, which put its novelists and other writers in the remarkable position of mediating the emergence of extraction-based life. Miller looks at works like *Hard Times*, *The Mill on the Floss*, and *Sons and Lovers*, showing how the provincial realist novel's longstanding reliance on marriage and inheritance plots transforms against the backdrop of exhaustion to withhold the promise of reproductive futurity. She explores how adventure stories like *Treasure Island* and *Heart of Darkness* reorient fictional space toward the resource frontier. And she shows how utopian and fantasy works like "*Sultana's Dream*," *The Time Machine*, and *The Hobbit* offer imaginative ways of envisioning energy beyond extractivism. This illuminating book reveals how an era marked by violent mineral resource rushes gave rise to literary forms and genres that extend extractivism as a mode of environmental understanding.

The Shadow-Line Joseph Conrad 2010-07-20 And the time, too, goes on – till one perceives ahead a shadow-line warning one that the region of early youth, too, must be left behind.

Lord Jim Joseph Conrad 2019-06-09 Lord Jim is a novel by Joseph Conrad. Jim a young British seaman becomes first mate on the *Patna*, a ship full of pilgrims travelling to Mecca for the hajj. When the ship starts rapidly taking on water and disaster seems imminent, Jim joins his captain and other crew members in abandoning the ship and its passengers. A few days later, they are picked up by a British ship. However, the *Patna* and its passengers are later also saved, and the reprehensible actions of the crew are exposed. The other participants evade the judicial court of inquiry, leaving Jim to the court alone. The court strips him of his navigation command certificate for his dereliction of duty. Jim is angry with himself, both for his moment of weakness, and for missing an opportunity to be a 'hero'. At the trial, he meets Charles Marlow, a sea captain, who in spite of his initial misgivings over what he sees as Jim's moral unsoundness, comes to befriend him, for he is "one of us". Marlow later finds Jim work as a ship chandler's clerk. Jim tries to remain incognito, but whenever the opprobrium of the *Patna*

incident catches up with him, he abandons his place and moves further east. Later, Marlow's friend Stein suggests placing Jim as his factor in Patusan, a remote inland settlement with a mixed Malay and Bugis population, where Jim's past can remain hidden. While living on the island he acquires the title 'Tuan' ('Lord'). Here, Jim wins the respect of the people and becomes their leader by relieving them from the predations of the bandit Sherif Ali and protecting them from the corrupt local Malay chief, Rajah Tunku Allang. Jim wins the love of Jewel, a woman of mixed race, and is "satisfied... nearly". The end comes a few years later, when the town is attacked by the marauder "Gentleman" Brown. Although Brown and his gang are driven off, Dain Waris, the son of the leader of the Bugis community, is slain. Jim returns to Doramin, the Bugis leader, and willingly takes a fatal bullet in the chest from him as retribution for the death of his son.

The Nigger of the Narcissus Joseph Conrad 1919

Conrad's Heart of Darkness Cedric Thomas Watts 2012 This book offers a detailed discussion of Conrad's most brilliant and problematic work. Many significant aspects of *Heart of Darkness* are examined, from plot and characterisation to imagery and symbolism, and particular attention is paid to its ambiguity and paradoxes. By relating the text to a variety of contexts, Cedric Watts explores Conrad's central preoccupations as a writer and as a commentator on his age. The first edition of this study appeared in 1977, and reviewers described it as 'criticism of the highest order' (*Joseph Conrad Today*) and 'an important book' (*Conradiana*).

Heart of Darkness: A Racist Text? Christina König 2003-11-12 Seminar paper from the year 2003 in the subject English Language and Literature Studies - Literature, grade: 2 (B), University of Tübingen (English Philology), course: Proseminar II Literatur: *Heart of Darkness* and its Transformations, 9 entries in the bibliography, language: English, abstract: The following essay will deal with the question whether or not Joseph Conrad's *Heart of Darkness* is a racist text. This question comes up because this novel was written during the age of Victoria, a time of imperialism and colonialism where the term "race" changed its meaning and became a monolithic factor. The term 'race' was first used in English literature as denoting a class of people, even a family. In eighteenth-century usage it was possible to speak of a race of animals or birds. By the nineteenth century this imprecision was fully recognized, and it was suggested that the term was purely subjective, and illuminated the 'opinion of the investigator rather than ... the object of investigation.' (1Bolt: 1971, ix). So from then on, racism, which can be defined as "the belief that races have distinctive cultural characteristics determined by hereditary factors and that this endows some races with an intrinsic superiority over others" (2Wehmeier:2000,1042) was often included or propagated in literary works. As Conrad was a member of the Victorian society it is interesting for today's readers to examine if he also shared this belief. Furthermore, it has recently (i.e. within the last twentyfive years) been a frequently-discussed topic, because Chinua Achebe, the famous Nigerian author, arose this question. So, first of all, his accusations will be looked at more clearly, in the following, it is to be regarded if these are actually true, and finally, one will see, if a final estimation is possible. 1 Christine Bolt, *Victorian Attitudes to Race* (London: Routledge & Kegan Paul, 1971) ix. 2 Sally Wehmeier (ed.) *Oxford Advanced Learner's Dictionary of Current English*, 6th ed. (Oxford: Oxford University Press, 2000) 1042.

Heart of Darkness Joseph Conrad 2017-07-16 Although Polish by birth, Joseph Conrad (1857-1924) is regarded as one of the greatest writers in English, and *Heart of*

Darkness, first published in 1902, is considered by many his "most famous, finest, and most enigmatic story." -- Encyclopaedia Britannica. The tale concerns the journey of the narrator (Marlow) up the Congo River on behalf of a Belgian trading company. Far upriver, he encounters the mysterious Kurtz, an ivory trader who exercises an almost godlike sway over the inhabitants of the region. Both repelled and fascinated by the man, Marlow is brought face to face with the corruption and despair that Conrad saw at the heart of human existence. In its combination of narrative and symbolic power, masterly character study and acute psychological penetration, *Heart of Darkness* ranks as a landmark of modern fiction. It is a book no serious student of literature can afford to miss. *Heart of Darkness* has been considered for most of this century as a literary classic, and also as a powerful indictment of the evils of imperialism. It reflects the savage repressions carried out in the Congo by the Belgians in one of the largest acts of genocide committed up to that time. Conrad's narrator encounters at the end of the story a man named Kurtz, dying, insane, and guilty of unspeakable atrocities.

extract (chapter 1) :
 The Nellie, a cruising yawl, swung to her anchor without a flutter of the sails, and was at rest. The flood had made, the wind was nearly calm, and being bound down the river, the only thing for it was to come to and wait for the turn of the tide. The sea-reach of the Thames stretched before us like the beginning of an interminable waterway. In the offing the sea and the sky were welded together without a joint, and in the luminous space the tanned sails of the barges drifting up with the tide seemed to stand still in red clusters of canvas sharply peaked, with gleams of varnished sprits. A haze rested on the low shores that ran out to sea in vanishing flatness. The air was dark above Gravesend, and farther back still seemed condensed into a mournful gloom, brooding motionless over the biggest, and the greatest, town on earth. The Director of Companies was our captain and our host. We four affectionately watched his back as he stood in the bows looking to seaward. On the whole river there was nothing that looked half so nautical. He resembled a pilot, which to a seaman is trustworthiness personified. It was difficult to realize his work was not out there in the luminous estuary, but behind him, within the brooding gloom. Between us there was, as I have already said somewhere, the bond of the sea. Besides holding our hearts together through long periods of separation, it had the effect of making us tolerant of each other's yarns--and even convictions. The Lawyer--the best of old fellows--had, because of his many years and many virtues, the only cushion on deck, and was lying on the only rug. The Accountant had brought out already a box of dominoes, and was toying architecturally with the bones. Marlow sat cross-legged right aft, leaning against the mizzen-mast. He had sunken cheeks, a yellow complexion, a straight back, an ascetic aspect, and, with his arms dropped, the palms of hands outwards, resembled an idol. The director, satisfied the anchor had good hold, made his way aft and sat down amongst us. We exchanged a few words lazily. Afterwards there was silence on board the yacht. For some reason or other we did not begin that game of dominoes. We felt meditative, and fit for nothing but placid staring. The day was ending in a serenity of still and exquisite brilliance. The water shone pacifically; the sky, without a speck, was a benign immensity of unstained light; the very mist on the Essex marsh was like a gauzy and radiant fabric, hung from the wooded rises inland, and draping the low shores in diaphanous folds.

Heart of Darkness and the Secret Sharer Joseph Conrad 2004-05-01 Two of Joseph Conrad's most compelling and haunting works, in which the deepest perceptions and desires of the human heart and mind are explored. The finest of all Conrad's

tales, *Heart of Darkness* is set in an atmosphere of mystery and menace, and tells of Marlow's perilous journey up the Congo River to relieve his employer's agent, the renowned and formidable Mr. Kurtz. What he sees on his journey, and his eventual encounter with Kurtz, horrify and perplex him. Ultimately, Conrad calls into question the very bases of civilization, human nature, and imperialism. *The Secret Sharer* is the saga of a young, inexperienced skipper forced to decide the fate of a fugitive sailor who killed a man in self-defense. As he faces his first moral test the skipper discovers a terrifying truth--and comes face to face with the secret itself. *Heart of Darkness* and *The Secret Sharer* draw on actual events and people that Conrad met or heard about during his many far-flung travels. In portraying men whose incredible journeys on land and at sea are also symbolic voyages into their own mysterious depths, these two masterful works give credence to Conrad's acclaim as a major psychological writer. This edition includes: -A concise introduction that gives readers important background information -A chronology of the author's life and work -A timeline of significant events that provides the book's historical context -An outline of key themes and plot points to help readers form their own interpretations -Detailed explanatory notes - Critical analysis, including contemporary and modern perspectives on the work - Discussion questions to promote lively classroom and book group interaction -A list of recommended related books and films to broaden the reader's experience

Heart of Darkness Joseph Conrad 2000-10-31 Selected by the Modern Library as one of the 100 best novels of all time • Nominated as one of America's best-loved novels by PBS's The Great American Read Introduction by Caryl Phillips Commentary by H. L. Mencken, E. M. Forster, Virginia Woolf, Ernest Hemingway, Bertrand Russell, Lionel Trilling, Chinua Achebe, and Philip Gourevitch Originally published in 1902, *Heart of Darkness* remains one of this century's most enduring works of fiction. Written several years after Joseph Conrad's grueling sojourn in the Belgian Congo, the novel is a complex meditation on colonialism, evil, and the thin line between civilization and barbarity. This edition contains selections from Conrad's Congo Diary of 1890--the first notes, in effect, for the novel, which was composed at the end of that decade. Virginia Woolf wrote of Conrad: "His books are full of moments of vision. They light up a whole character in a flash. . . . He could not write badly, one feels, to save his life."

The Portrayal of Women in Joseph Conrads "Heart Of Darkness" Johannes Viertel 2019-07-10 Essay from the year 2018 in the subject English - History of Literature, Eras, grade: 1,7, University of Hildesheim (Institut für englische Sprache und Literatur), course: English Literature - Female Agency in the 20th century, language: English, abstract: This paper has the intention to display that the portrayal of women in Joseph Conrads "Heart of Darkness" is sexist and shows characteristic differences between the male and female gender in terms of intellect, dignity, power and character. The novella "Heart of Darkness" by Joseph Conrad has been discussed in depth by various students, professors and literature experts. Opinions vary widely in the racism debate, colonization / imperialism,

and the representation of the female gender. For many it is a great piece of fiction and far ahead of its time. For others, the advocacy of slavery and imperialism as well as the oppression of women characterizes this novella. Heart of Darkness and Selected Short Fiction Joseph Conrad 2008 In "Heart of Darkness, Captain Marlowe must wend his way up the African Congo to recover the missing Colonel Kurtz in one of the greatest steamship adventures ever told. As Marlowe's ship Nellie scrapes along the Congo, the voyage into the human soul, like the morass of steaming foliage along the banks, becomes increasingly dark and perilous. In addition to the Marlowe tales "Heart of Darkness and "Youth, this new volume includes Conrad's classic doppelganger tale "The Secret Sharer and the lesser known "Amy Foster." Joseph Conrad and the Fiction of Autobiography Edward W. Said 2008-01-08 Edward W. Said locates Joseph Conrad's fear of personal disintegration in his constant re-narration of the past. Using the author's personal letters as a guide to understanding his fiction, Said draws an important parallel between Conrad's view of his own life and the manner and form of his stories. The critic also argues that the author, who set his fiction in exotic locations like East Asia and Africa, projects political dimensions in his work that mirror a colonialist preoccupation with "civilizing" native peoples. Said then suggests that this dimension should be considered when reading all of Western literature. First published in 1966, Said's critique of the Western self's struggle with modernity signaled the beginnings of his groundbreaking work, *Orientalism*, and remains a cornerstone of postcolonial studies today.

Longtime admirers of the novella will appreciate his innovative interpretations, while new readers will discover a brilliant introduction to a canonical work of twentieth-century literature.

Metaphysical dimension in Joseph Conrad's "Heart of Darkness" Sofia Arslan 2016-11-22 Literature Review from the year 2014 in the subject English Language and Literature Studies - Literature, grade: University, , course: Modern Novel, language: English, abstract: This short text examines the metaphysical dimension in Joseph Conrad's "Heart of Darkness". Conrad has created *Heart of Darkness* in such a way that the literary devices of symbolism, imagery, paradox and personification act as a catalyst for bringing out the metaphysical meaning behind the literal text. The physical journey of Marlowe to Congo, the atrocities he witnesses there and the insight he gains – all of it is fleshed out and given emblematic form on a metaphysical dimension.

Heart of Darkness Illustrated Joseph Conrad 2021-04-28 *Heart of Darkness* (1899) is a novella by Polish-British novelist Joseph Conrad about a narrated voyage up the Congo River into the Congo Free State in the Heart of Africa. Charles Marlow, the narrator, tells his story to friends aboard a boat anchored on the River Thames. This setting provides the frame for Marlow's story of his obsession with the successful ivory trader Kurtz. Conrad offers parallels between London ("the greatest town on earth") and Africa as places of darkness.

Heart of Darkness - Ed. Peters Joseph Conrad 2018-12-27 *Heart of Darkness* is based upon Joseph Conrad's own experience in the Congo; "it is," as he remarks in his 1916 author's note to *Youth: A Narrative and Two Other Stories*, "experience pushed a little (and only very little) beyond the actual facts." Unlike many other editions, this new edition of Conrad's most famous tale focuses on the time in which Conrad was himself in the Congo, while also exploring the differences between his reported experiences and their reshaping in fiction. This edition includes an extensive selection of Conrad's correspondence and autobiographical writing, as well as contemporary accounts of the Congo from other writers. Contemporary reviews situate *Heart of Darkness* in its literary contexts.

Gardens Robert Pogue Harrison 2010-10 Humans have long turned to gardens - both real and imaginary - for sanctuary from the frenzy and tumult that surrounds them. Those gardens may be as far away from everyday reality as Gilgamesh's garden of

the gods or as near as our own backyard, but in their very conception and the marks they bear of human care and cultivation, gardens stand as restorative, nourishing, necessary havens. With *Gardens*, Robert Pogue Harrison graces readers with a thoughtful, wide-ranging examination of the many ways gardens evoke the human condition. Moving from the gardens of ancient philosophers to the gardens of homeless people in contemporary New York, he shows how, again and again, the garden has served as a check against the destruction and losses of history. The ancients, explains Harrison, viewed gardens as both a model and a location for the laborious self-cultivation and self-improvement that are essential to serenity and enlightenment, an association that has continued throughout the ages. The Bible and Qur'an; Plato's Academy and Epicurus's Garden School; Zen rock and Islamic carpet gardens; Boccaccio, Rihaku, Capek, Cao Xueqin, Italo Calvino, Ariosto, Michel Tournier, and Hannah Arendt - all come into play as this work explores the ways in which the concept and reality of the garden has informed human thinking about mortality, order, and power. Alive with the echoes and arguments of Western thought, *Gardens* is a fitting continuation of the intellectual journeys of Harrison's earlier classics, *Forests* and *The Dominion of the Dead*. Voltaire famously urged us to cultivate our gardens; with this compelling volume, Robert Pogue Harrison reminds us of the nature of that responsibility - and its enduring importance to humanity.

Heart of Darkness Joseph Conrad 2012-08-28 In a novella which remains highly controversial to this day, Conrad explores the relations between Africa and Europe. On the surface, this is a horrifying tale of colonial exploitation. The narrator, Marlowe journeys on business deep into the heart of Africa. But there he encounters Kurtz, an idealist apparently crazed and depraved by his power over the natives, and the meeting prompts Marlowe to reflect on the darkness at the heart of all men. This short but complex and often ambiguous story, which has been the basis of several films and plays, continues to provoke interpretation and discussion. *Heart of Darkness* grew out of a journey Joseph Conrad took up the Congo River; the verisimilitude that the great novelist thereby brought to his most famous tale everywhere enhances its dense and shattering power. Apparently a sailor's yarn, it is in fact a grim parody of the adventure story, in which the narrator, Marlow, travels deep into the heart of the Congo where he encounters the crazed idealist Kurtz and discovers that the relative values of the civilized and the primitive are not what they seem. *Heart of Darkness* is a model of economic storytelling, an indictment of the inner and outer turmoil caused by the European imperial misadventure, and a piercing account of the fragility of the human soul. *The Collected Letters of Joseph Conrad* Joseph Conrad 1983
