adventure picture book by celebrity Kristin Chenoweth, known for her role in Broadway's *Wicked* and her Emmy Award-winning performance in the ABC hit series *Pushing Daisies*. Join young Kristi Dawn as she joyfully walks around New York City, sharing her love through acts of generosity—from singing in the church choir to helping a neighbor weed her garden. When she meets a lonely dog looking for a home, Kristi shows that adoption is one of the most loving and life-changing gifts of all. Through delightful rhyme and examples of child-friendly (and pup-friendly!) acts of generosity and kindness,

Chenoweth shares the powerful message that the more love you give, the more love you get back! This read-aloud picture book is perfect for kids ages 4 to 8, tells a meaningful story alongside playful illustrations from Maine Diaz, is a great gift for baby showers, adoption parties, soon-to-be older siblings, and dog-loving kids, is a meaningful way to celebrate Random Acts of Kindness Day, National Dog Day, and National Adopt a Shelter Pet Day, and is a fun gift for fans of Kristin Chenoweth. Wild at Heart John Eldredge

2011-04-17 John Eldredge
revises and updates his best-
selling, renowned Christian

classic. God designed men to be dangerous, says John Eldredge. Simply look at the dreams and desires written in the heart of every boy: To be a hero, to be a warrior, to live a life of adventure and risk. Sadly, most men abandon those dreams and desires-aided by a Christianity that feels like nothing more than pressure to be a "nice guy." It is no wonder that many men avoid church, and those who go are often passive and bored to death. In this provocative book, Eldredge gives women a look inside the true heart of a man and gives men permission to be what God designed them to be- dangerous, passionate, alive,

and free.

The Psychosocial Implications of Disney Movies Lauren

Dundes 2019-07-11 In this

volume of 15 articles,

contributors from a wide range

of disciplines present their

analyses of Disney movies and

Disney music, which are

mainstays of popular culture.

The power of the Disney brand

has heightened the need for

academics to question whether

Disney's films and music

function as a tool of the

Western elite that shapes the

views of those less empowered.

Given its global reach, how the

Walt Disney Company handles

the role of race, gender, and

sexuality in social structural

inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

Arc of Justice Kevin Boyle
2007-04-01 An electrifying story of the sensational murder trial that divided a city and ignited the civil rights struggle In 1925, Detroit was a smoky swirl of jazz and speakeasies, assembly lines and fistfights. The advent of automobiles had brought workers from around the globe to compete for manufacturing jobs, and tensions often flared with the KKK in ascendance and violence rising. Ossian Sweet, a proud Negro doctor-grandson of a slave-had made the long climb from the ghetto to a home of his own in a previously all-white

neighborhood. Yet just after his arrival, a mob gathered outside his house; suddenly, shots rang out: Sweet, or one of his defenders, had accidentally killed one of the whites threatening their lives and homes. And so it began—a chain of events that brought America's greatest attorney, Clarence Darrow, into the fray and transformed Sweet into a controversial symbol of equality. Historian Kevin Boyle weaves the police investigation and courtroom drama of Sweet's murder trial into an unforgettable tapestry of narrative history that documents the volatile America of the 1920s and movingly re-creates

the Sweet family's journey from slavery through the Great Migration to the middle class. Ossian Sweet's story, so richly and poignantly captured here, is an epic tale of one man trapped by the battles of his era's changing times. Arc of Justice is the winner of the 2004 National Book Award for Nonfiction.

through papyri , books and trial and error experiments done by the ancients. The word of mouth results, have been the product of years of experimentation done millenniums ago. When did grandma become the epitome of wisdom and experience? Well, we should go back millenniums, when it was the job of the oldest generation to take care of the youngest generation, while the adults generation in between went out to collect food, water and other basic necessities necessary for survival. The job of raising and training the children was left to those people who were most experienced. It is possibly this

reason why the oldest and the youngest generations still find that they are more compatible and comfortable with each other, due to natural preference, instinctive selection and human psychological and social behavior. So the children of the tribe, group, gathering, and city were put in charge of the elders, who used to talk to them about their ancient traditions, talk to them by their own grandparents. The rules and regulations of living in society and getting to know one's own place in the hierarchy of a tribe was thus transmitted from generation to generation through these elders. Grandpa trained the kids with tribal

knowledge and physical exercise. Grandma was in charge of their overall emotional, spiritual and physical well-being. She was responsible for their health, well-being, food and other essential things necessary to keep children healthy and well-balanced members of the family and later on the tribe. ...and that caring instinct still is present... That is why the matriarch - mother - was given the job of passing on the herbal knowledge to the girls in the family, preparing them to be future matriarchs taking care of their own families, as years went by. The boys were trained into becoming warriors, teachers,

farmers, food gatherers or in other professions by the males of the tribe. So the lines were demarcated out very clearly in well-regulated times since ancient days. The house, home and hearth and other duties pertaining to a domestic nature was under the jurisdiction of the females. The land, the preservation, cultivation and protection of the area around it was under the jurisdiction of the males. So it was the man's prerogative to be the hunter and the warrior, to feed and protect his family and tribe.
