Storey's Guide to Raising Horses, 2nd Edition Heather Smith Thomas 2010-01-27 Raising horses successfully requires good preparation, hard work, and a sincere interest in your animals' well-being. With in-depth information on all aspects of horsekeeping, including grooming, foaling, housing, diet, exercise, and medical care, this comprehensive guide covers everything you need to know to raise healthy and happy horses.

**Storey's Guide to Training Horses** Heather Smith Thomas 2010 A well-trained horse is a pleasure to ride, confident and secure in what he has learned and eager to work with his handler. Providing a horse with a solid foundation for lifelong learning one built on positive reinforcement and focused, progressive practice sessions is one of the best investments an owner can make in her horse. In this revised and updated edition of her best-selling book, Heather Smith Thomas helps every trainer set her horse on the proper path with training lessons that are readily adjusted to each horse's unique personality. Her techniques and methods are useful for starting any horse children's ponies, Western trail-riding horses, English riding or jumping horses, working farm and ranch horses, and horses intended for showing or high-level competition.

Frustrated owners will also find an entire chapter on retraining an animal that has acquired bad habits. Storey's Guide to Training Horses includes all the lessons that readers need to develop a well-trained horse from ground work to galloping and from choosing a bit to trailer training. This is the handbook that owners and riders will rely on for answers to every training question.

**How To Raise Horses** Daniel Johnson 2007-03-15 The show horse or the racing steed, the friendly mount or the breeding stallion, the draft horse or the companion: Whatever sort of horse you're raising—or even thinking about raising—this book provides all the information you'll need, such as basic health care, housing, feed, and raising foals. An essential primer for the newcomer to horse care as well as an invaluable resource for the veteran, this clearly and amply illustrated guide covers the basics and the finer points of breeding and health care, housing and exercising, feed and nutrition requirements. It should find a place in every horse lover's library.

*How to Raise Rabbits* Samantha Johnson 2019-03-26 In this freshly updated third edition of How to Raise Rabbits, you'll find practical advice for raising any number of rabbits in any environment—rural or urban, one rabbit or twenty. Brother-sister writing duo Daniel and Samantha Johnson expertly walk readers through all the basics on breed types, housing and food requirements, shows, kit care, and general healthcare for the rabbit. Rabbits are wonderful animals to raise, whether as pets or as livestock on a farm. They are especially great as starter animals for children who participate in rabbit shows. Before you embark on owning one of these lovable critters, however, there's a lot you need to know—for instance, which of the forty-seven rabbit breeds is best for you? Licensed by the Future Farmers of America, the guidebooks in our acclaimed How to Raise series have helped countless first-time animal owners across the United States confidently care for their new companions. With clear and informative instructions, fully illustrated with beautiful how-to photography, How to Raise Rabbits continues to be an essential primer for the newcomer to rabbit care and a classic on any rabbit lover's bookshelf.

[4-H Guide to Training Horses](#) Nathan Bowers 2010-01-15 Training

a horse is one of the biggest challenges a 4-H'r (or any animal lover, for that matter) can take on, and one of the most rewarding. This step-by-step illustrated guide offers the first-time horse trainer straightforward instructions for getting started with a foal, a yearling, or an older horse. With expert advice on safety and equine care, the guide covers the basics of establishing trust and authority, training with a bit, training to drive, training to allow riders, achieving different gaits, reaching definite goals, and breaking an old horse of bad habits. Whether you're a 4-H'r taking up the project of a lifetime, or someone simply interested in training a horse, this book provides all the information you need to get started--and to succeed.

Original Horse Bible, 2nd Edition Moira C. Reeve 2021-10-19 The most comprehensive single volume dedicated to horses, Original Horse Bible, 2nd Edition is a celebration of the long relationship that humans and horses enjoy, written by two highly regarded horsewomen, the late Moira C. Allen and Sharon Biggs. Covering an array of topics that span the world of horses, including evolution, domestication, horseback riding, training, competing, breeding, and so much more, making this complete guide is a must-have for any avid horse-lover! An extensive breed chapter offers portraits of approximately 175 breeds, alphabetically arranged, from the Abaco Barb to the Welsh Pony, plus many rare and handsome breeds from around the world as well as favorites like the American Quarter Horse, the Shetland Pony, and the Thoroughbred. With over 100 training and behavior tips, more than 50 riding, grooming, and health takeaways, and so much more, the Original Horse Bible belongs on the shelves of anyone who admires these magnificent creatures. This second edition includes new sections on advances in imaging technology and medications, as well as updated information on saddles, bits, poisonous plants, deworming practices, and natural horsemanship.

A Horse is a Horse - of Course Jane Myers 2011-02-01

Understanding horse behaviour is a very important part of caring for horses properly. It is very easy to convince yourself that your horse is content to do all of the things that you enjoy, but a better approach is to understand that your horse sees the world quite differently to you, after all, you are a primate (hunter/gatherer) and your horse is a very large hairy herbivore! So it's not surprising that you both have a very different view of the world. We recommend that if in doubt take everything 'back to basics' and think about what a horse has evolved to be. This book describes horse behaviour in both the wild 'natural' environment and in the domestic environment. It then looks at how you can reduce stress in the domestic horse by understanding and acknowledging their real needs, resulting in a more 'well-adjusted', content and thriving animal. Do your horse a favour and read this book!

**What Horses Say** Anna Clemence Mews 2004-05-01 Anna Clemence Mews presents a beautifully written collection of true stories that have made up a part of Julie Dicker's career as an animal communicator and healer. Client interviews, case notes, and an interesting collection of survey questions and answers that were actually posed to a representative group of Dicker's equine

clientele provide "anecdotal evidence" of horses' emotions and their ability to reason.

**Know Better to Do Better** Denny Emerson 2019-02-01 With horses, we don't get a "do-over button," as much as we'd sometimes like one. We have to live with the choices we make, even when-looking back-we know there might have been a better way to communicate, a different way to teach a new lesson, or another means to reach the desired end. In this smart, honest book chock full of valuable takeaways, gold medalist and renowned rider and coach Denny Emerson uses stories of the

standout horses from his own riding career, which spans almost 70 years, to detail some of the things he wishes he'd known "then" that he knows now. With a candid willingness to share mistakes he's made over the years and clearly articulated ideas on how others can avoid them, he commits himself and those reading to finding more conscientious ways to ride, train, and work with horses. From basics like aids and equipment to more specialized subjects, such as rider fitness, emotional control, and how to determine what success with your horse really means, riders of all skill levels can gain valuable, hard-won knowledge from his bite-size lessons in life and horsemanship. Perhaps most importantly, Emerson insists that it is never, ever too late to change—for the good of the horse and for the good of oneself.

Raising Horses Dion Rosser 2020-10-15 If you want to learn how to raise horses, then keep reading... Have you always dreamed of having a horse? Well, owning a horse is one thing that you'd think was simple - until you take a closer look. Raising a horse raising isn't a job for the lazy. *Horses & Ponies* DK 2021-07-20 Covering every horsey topic children could possibly want to explore - from discovering the different horse and pony breeds, to understanding how different cultures live with horses, and finding out exactly how horse-lovers ride these magnificent animals - DK's *Horses & Ponies* is the first-stop for all equine knowledge. With the help of this photographic guide, any horse-lover can become a genius in identifying the many different horse and pony breeds. They will find out about all the useful ways horses are a part of our lives across different cultures, from transportation to sports to ceremonies, and even their role in police work. This book will answer all those questions that may be burning in the minds of horse-mad kids, including: What's the difference between horses and ponies? Along the way, young readers will learn how to take care of their equine friends. [Horses: The Complete Guide on Everything You Need to Know about Owning a Horse](#) Ferdinand H. Quinones MD 2019-02-08 Horse is a mammal, found residing in almost all the parts of the world. A beautiful animal, it belongs to the Mammalia class and has the binomial (scientific) name of *Equus Caballus*. Not only are horses graceful, but also very athletic and highly energetic. They have been used for domestic chores since ages and have formed a very warm bond with human beings. Horses have also been eulogized in religion, mythology, and art and have played a very important role in transportation, agriculture and warfare in the past. In this article, we have provided some fun facts and interesting information on horses. The relationship of the horse to

humans has been unique. The horse is a partner and friend. It has plowed fields and brought in the harvest, hauled goods and conveyed passengers, followed game and tracked cattle, and carried combatants into battle and adventurers to unknown lands. It has provided recreation in the form of jousts, tournaments, carousels, and the sport of riding. The influence of the horse is expressed in the English language in such terms as chivalry and cavalier, which connote honour, respect, good manners, and straightforwardness. The horse is the "proudest conquest of Man," according to the French zoologist Georges-Louis Leclerc, comte de Buffon. Its place was at its master's side in the graves of the Scythian kings or in the tombs of the pharaohs. Many early human cultures were centred on possession of the horse. Superstition read meaning into the colours of the horse, and a horse's head suspended near a grave or sanctuary or on the gables of a house conferred supernatural powers on the place. Greek mythology created the Centaur, the most obvious symbol of the oneness of horse and rider. White stallions were the supreme sacrifice to the gods, and the Greek general Xenophon recorded that "gods and heroes are depicted on well-trained horses." A beautiful and well-trained horse was, therefore, a status symbol in ancient Greece. Kings, generals, and statesmen, of necessity, had to be horsemen. The names of famous horses are inseparably linked to those of their famous riders: Bucephalus, the charger of Alexander the Great; Incitatus, once believed to have been made a senator by the Roman emperor Caligula (see Researcher's Note); El Morzillo, Hernán Cortés's favourite horse, to whom the Indians erected a statue; Roan Barbary, the stallion of Richard II, mentioned by Shakespeare; Copenhagen, the duke of Wellington's horse, which was buried with military honours. The horse has occupied a special place in the realm of art. From Stone Age drawings to the marvel of the Parthenon frieze, from Chinese Tang dynasty tomb sculptures to Leonardo da Vinci's sketches and Andrea del Verrocchio's Colleoni, from the Qur'ān to modern literature, the

horse has inspired artists of all ages and in all parts of the world.

How to Think Like a Horse Cherry Hill 2011-06-30 In this fascinating best seller, Cherry Hill explores the way horses think and how it affects their behavior. Explaining why certain smells and sounds appeal to your horse's sensibility and what sets off his sudden movements, Hill stresses how recognizing the thought processes behind your horse's actions can help you communicate effectively and develop a trusting relationship based on mutual respect.

Crazy about Horses Molly Kolpin 2014-07-01 "Text and photos give readers information about horse riding and competitions, horse care, horse breeds, and general information"--

**What Horses Really Want** Lynn Acton 2020-07-07 Relationships with horses, whether for companionship or competition, are complex and ever-changing. This is one of the reasons why "horsemanship" can become a lifelong pursuit: There is always a balance to be struck with our equine partners, and it demands continual growth and understanding on our side. In this book, horsewoman Lynn Acton explains that when the focus in the relationship is on what we want from the horse, his compliance becomes the measure of success, and what he thinks and feels is often overlooked. Is he calm, confident, and trusting? Or anxiously wishing he could escape? His behavior, performance, and reliability—in whatever discipline we prefer or equestrian sport we pursue—depend on the answers to those questions. Horses want security and social bonds. They want leaders they trust to protect them—not only from danger, but from stress. When we provide this security, they accept our rules. This not only puts us in charge, it makes our leadership more effective because we do not force it on them; they seek it. The result is less anxiety, fewer behavior problems, more efficient learning, and better reliability. Acton refers to this relationship as Protector Leadership because being the "protector" is the foundation. Building methodology based on time-tested training theories that we are often exposed to in bits and pieces, Acton shows why Protector Leadership works and how to make it work for us, fitting the separate pieces together, and illustrating the connections with practical examples of real horses in everyday life.

How to Raise Goats Carol Amundson 2009-04-15 Written by an authority on goat breeding and behaviour, this approachable guide covers every component of raising goats for fun and profit, meat and milk.
