Law Enforcement Officer - Master the Interview

Craig A. Zendzian, Ph.D.
2004-01-01 Learn how to beat the competition and get the law enforcement job you want by understanding your own underlying Emotional Intelligence and Behavioral Traits, and how they will be measured in interviews. There are seven behavioral competencies found in everyone's emotional makeup that are recognized in The Law Enforcement Officer Emotional Intelligence & Behavioral Competency Profile developed by Dr. Zendzian (2003). These competencies are seen in behaviors that employers will observe when interviewing people for law enforcement positions. The brief time that interviewers and oral board panelists spend with candidates

during an interview will provide a snapshot of who they are at that moment in time. It is not only WHAT you say that counts, but HOW well you say it! This Guidebook begins with a discussion of learning styles and focuses on understanding the importance that mental reasoning assumes during an interview. You will learn why you must master each of the seven behavioral competencies. Insight is provided into what interviewers are looking for when rating your responses. You will learn to develop strategies and tactics for performing better when applying your emotional intelligence to questions that are asked. This book contains ALL of the techniques, hints, and skills that people who have mastered interviewing use when answering questions.

Emotional Survival for Law Enforcement Kevin M. Gilmartin 2002-01-01
This book is designed to help law enforcement professionals overcome the internal assaults they experience both personally and organizationally over the course of their careers. These assaults can transform idealistic and committed officers into angry, cynical individuals, leading to significant problems in both their personal and

professional lives. *The Wisdom of Crowds* James Surowiecki 2005-08-16 In this fascinating book, New Yorker business columnist James Surowiecki explores a deceptively simple idea: Large groups of people are smarter than an elite few, no matter how brilliant—better at solving problems, fostering innovation, coming to wise decisions, even predicting the future. With boundless erudition and in delightfully clear prose, Surowiecki ranges across fields as diverse as popular culture, psychology, ant biology, behavioral economics, artificial intelligence, military history, and politics to show how this simple idea offers important lessons for how we live our lives, select our leaders, run our companies, and think

about our world.
